Dear Members of the Fitchburg High School Class of 2020:

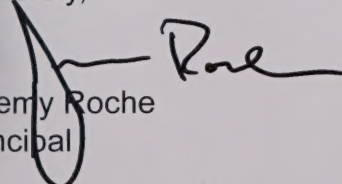

I have had the distinct pleasure to work with and for the Class of 2020 for the past four years. During that time, the class has not only achieved strong results in the classroom and on the athletic fields but in our community in the ways that made the City of Fitchburg a better place. In fact, the Class of 2020 has not only improved Fitchburg High School, but it has raised the profile of our school which is now considered one of the best in our area!

To start, I am extremely grateful to the Class of 2020 as you have built upon the continued progress that our school has made in recent years. FHS is highly recognized in the state and the nation due to your efforts. For example, while students at FHS, the school has been noted in both the Washington Post's America's Most Challenging High School and U.S. News and World Reports Best High Schools lists. In addition, as a class you have earned, achieved, and/or performed the highest attendance rate, highest graduation rate, lowest dropout rate, gold medals for the band, the highest number of completed Advanced Placement exams, countless individual scholarships and recognitions, playoff qualifications in athletics, and myriad other recognitions. More importantly, you have helped our community with clothing drives, community events, youth ventures, volunteer hours with children and the elderly, and have led FHS to win the Canned Food Drive versus LHS three out of the four years! This combination of strong academics, service to our school and community, and a dedication to extra-curricular activities illustrates the impact you have had on the school in your time at FHS.

Our school has great history and you have helped to build upon it. As members of the 154th graduating class of FHS, you are part of an institution that graduated its first class one year after the end of the Civil War. What is something that cannot be forgotten and will forever set you apart is what you have experienced with the COVID19 pandemic. You have faced an event that no other class in the history of our great school has encountered. It has changed the course of not only your senior year experience but the modern world as we know it. What I know is this crisis will not be the narrative that defines the Class of 2020. Your resilience, tolerance, respect, kindness, unity, and belief in a better world and future will be that story. Each of the 240 members of the class will spread across this world with core characteristics that will help to shape a better future for yourselves and the world which we share.

Members of the Class of 2020, you have done much to prepare yourself for the next steps into adulthood. I am grateful to have served you as Principal and hope that you each of you finds the success and fulfillment that you deserve. Finally, as a graduate of FHS you have earned the right to be considered a Red Raider for life and that is a distinction that no one can ever take away from you. Congratulations and Go Red Raiders!

Sincerely,

Jeremy Roche

Fitchburg High School has been the foundation of so many of the best experiences in my life. I owe all of my success to my mother, who never gave up on me and pushed through all of the hardships in life to raise me on her own. I also owe my high school experience to all of my friends. I will forever cherish the memories we have made and all of your help throughout these four years at FHS. Shoutout to: M.B L.A V.M C.K R.M E.A K.P W.A D.C

"Everyone is weird in their own way. There are normal things that people do, but not normal people. Always take weird as a compliment."

~Jonathan Arel

At first, I didn't get along with all my peers in the Honors Academy, but as time went on, we all matured and became great students together. I met some amazing people at FHS, students, and faculty alike. I've had great peers, amazing teachers, and the best principal in the world. This school may have some flaws, but it's a fantastic school I'll miss once I'm gone. I'd like to thank everyone that helped me along the way. Teachers, friends, acquaintances, administrators, and family.

I'll always remember what you all taught me how you helped me grow. I hope to stay in contact with people as the years go on. Honors Academy 1,2,3,4; Drama Club (All-School Play) 1,4; Drama Club (State Festival) 4; Fighting Game Club 3

Being a Fitchburg High School student has taught me different skills and lessons that can be applied to my future. In this school, I've met so many people that come from diverse backgrounds, causing me to feel comfortable with my own background as well. I'd like to use this opportunity to thank the staff at FHS for making me feel loved and welcomed. These four years of hard work, memories, friends, and happiness will forever be imprinted in my mind.

The past 4 years I've made many mistakes. They all led me to become the person I am today. High School is supposed to be the best time of your life, for me, I think it prepared me for the best time of my life. I'm going into college as the person I always hoped to be. My experience at Fitchburg High school was great. The teachers were always there for me when I needed them. I always had support from them, but mainly from my family and friends. They pushed me to be better at everything I do and I wouldn't trade them for the world. Coming from a family who moves every year or year and a half has been hard and made me grow distant from people but it has also made me only think of getting better in my classes without anyone's help. What kind of senior year was that??

I'm lucky enough to be one to say I'm satisfied with my stay at FHS. The people around bringing nothing but, laughs and love to the table. No interaction was cold. My morning grump melted away seeing my builders impact who I am. I never failed to love my new day. Thank you to family to get my head focused on priorities. Though the last 2 years have been rocky at times, I always had hands tugging me through the finish. Shout out to my homies, Ms. Thomas and Ms. D'elia for being amazing leaders and pushing me to be patient with myself and supporting me. I pray we never lose connection. Thank you FHS for the people, lifetime experiences and memories. I am proud to be a Raider.

"Soon, these days will become the "good ole days".

I really enjoyed my experience at Fitchburg High. I learned and gained a lot from the short amount of time I was here. Fitchburg High has given me many opportunities and a great start to my future. I don't think I can see myself anywhere else, I'm proud to graduate as a Red Raider.

From the first time I walked into Fitchburg High, it was the second biggest school I have attended and this place would be the final public school I would graduate from. My time in Fitchburg High has not been long due to it being my first year here as a senior but I still enjoyed myself and was able to meet many great people here. I would like to thank all of those who had befriended me and I would like to thank the teachers and staff for helping me.

Once I stepped foot in Fitchburg High, I needed to get mine. I came from a dark place mentally. I felt like I would never make it. I felt like I wasn't smart enough at first. I can't spend the rest of my life waiting to figure things out. That's a waste of time. Coming to this school meant a lot to me because it helped me when I needed it, supported me when I felt like giving up, and helped me find my purpose in life. I thank all my teachers & family for that. I'm proud of myself for allowing myself to move forward instead of staying stuck and scared. Thank you to my older brother Marquis, the reason my faith in god is so strong. Thank you to my dad, the reason I get up and handle my business no matter what I'm going through. The first time I set foot in FHS I was scared because I didn't speak English and had no friends. I thought I could never understand this language, students will make fun of me when I try to speak. I was welcomed by Ms. Laporte who gave me Quetenide, Jovani and John to guide me. Quetenide stayed with me. I loved my classes and teachers and I thank them for their help, patience and kindness. I thank Ms. Laporte, Mr. Garcia, Ms. Abreu, Mr. Sanyu, Ms. Garcia, Ms. Faria, Ms. McGovern, Ms. Roberts, Ms. Capone, They are the best. When I was in middle school I thought I was smart, but then high school came and proved me wrong. Surely, I will go into college thinking I'm of average intelligence only to find out that I have liquid IQ. So, I would like to take this space and ink to thank myself for all I've been through for 4 painful years. I woke up (almost) every weekday and for (virtually) every Saturday Session. I went to classes (nearly) every school day. I (rarely) did my homework on time and (barely) studying for tests. I would also like to thank the future me for putting up with college. Over the past four years I found out all the movies about high school are right. DENISE ANGELISE RIVERA

My first few steps in FHS were scary. I was very shy. Throughout the four years I found myself as a person, individual and friend. I was able to trust my teachers, advisors, but most of all myself, that I am valuable to this world. FHS taught me to be true to myself and those around me. I expect to be a better person throughout my life. I would like to thank all the teachers who pushed me. I would especially like to thank Ms. Thomas for being my number one supporter both educationally and physically. I would like to thank my hero, my grandfather, for all the life lessons he taught me. I would also like to thank my friends for staying by my side. You all are a blessing. Lastly I would love to thank my mother for believing in me and being my best friend and #1 supporter in everything. You give me strength, hope, confidence & courage to keep living my wonderful life.

As an FHS student, I'll always cherish the diversity, laughs, culture, and school spirit. I want to thank God first because without Him I wouldn't have been able to accomplish anything. Thanks to my family for pushing me to strive for better, to my friends for managing to put a smile on my face every day, and to the FHS staff for preparing me for what's to come. I give a shoutout to every single one of you because, in one way or another, you all made an impact on me during my high school years. Thank you all for the memories that I hope to never forget.

FHS holds many of the best and some of the worst moments of my life. Each a lesson that I value today. These four years shaped me. I'm grateful for my teachers, Mrs. O'Neill, Mrs. Hytinen and Mrs. Woods who supported me and always were there to listen to my complaints and troubles. No matter how small and stupid they might have seemed. I entered FHS in angst and now I'm leaving as a better version of myself with friends whom I adore. A FAT

I came to FHS at the start of my junior year. It was very nerve-racking to me at first, but all of my teachers were welcoming. My first test was when I joined the golf team, and all of my teammates were nervous as well, but we became good friends. I would like to thank all of my teammates through my junior and senior season, and especially Mr. Delle for always making me laugh, and for helping me with my golf game.

-Henry David Thoreau FHS was a huge leap from the only school I knew- St. Anthony's (Rest in Peace) For the first time, I had my eyes opened at just how diverse and unique Fitchburg is as a city. Over the last four years, I have come to appreciate how different we all are, and that we each have a different story to tell. Though our year was cut short by someone who ate a bat 7,361 miles away, the Class of 2020 has been and always will be there for each other.
